Metal Mafia®

Ethics matters. In life and in business.
Bombshell Accessories/Metal Mafia trades on that principle. In the era of cutthroat and carelessness, we choose commitment and accountability.

No excuses. No slack. No margin for error.

Bombshell Accessories/Metal Mafia is the result of three people's dedication to doing it right every time, in a world where things being done wrong has become the norm. We make jewelry, but our company also makes a home for both the people who work here and the people we serve.

Our style is as persuasive as our honesty.
Our quality is as irreproachable as our integrity.
Our designs are as righteous as we are.

About our Titanium

ASTM F-136 Implant Grade, TI 6AL-4V ELI complient:

TI (Titanium) 6% Aluminum-4% Vanadium Extra Low Interstitials

Extra low interstitials provide improved ductility and better fracture toughness

Meets APP Standards for Initial Piercings

All **mill certificates** are available at www.metalmafia.com/certificates

Internally Threaded, Hand-Polished to a mirror shine, with a Lifetime Guarantee

Metal Mafia offers a lifetime guarantee on the workmanship of all its ASTM F-136 titanium. If there is any defect caused by manufacturing, please contact Metal Mafia at any time and we will gladly replace your piece.

Anodizing Chart

On the same day that you order, we can anodize your Titanium to the color you choose.

Anodizing: an electro-chemical process that oxidizes the surface into a durable, decorative, corrosion-resistant, colorful finish

- Blue (BL)
- Bronze (BR)
- Blurple (Blue-Purple) (BP)
- DB Dark Blue
- DP Dark Purple
- GO Gold
- Light Blue (LB)
- Light Purple (LP)
- Pink (PK)
- Purple (PR)
- Rose Gold (RG)
- Yellow(YW)

Note on Gold Color: only a few select pieces are PVD-coated. The rest require anodizing to achieve gold color.

PVD Coating Chart

A select number of Titanium items are listed with PVD Coating.

Our gold coating is 24K, our rose gold is an 18K alloy, our black is a Titanium-Carbide coating.

- High Polish (Uncoated)
- Black PVD (BK)
- Gold PVD (GP)
- Rose Gold PVD (RGP)

PVD / Physical Vapor Deposition: a clean, environmentally friendly vacuum coating process that results in excellent wear and corrosion resistance.
